

POE 48V Output Splitter 48V to 48V POE Power Module

POE Protocol: IEEE802.3af standard off-type

Input Voltage: DC:38-56V

Output Voltage: DC38-56V/0.3A

Conversion efficiency: 95% or more

Power supply mode: 1236/4578 power supply

Transmission rate: 100Mbps/1000Mbps

Transmission distance: 150M (Super Category 5 cable)

Lightning protection level: 18KV

Protection circuit: Built-in overheating protection, overvoltage protection, short circuit protection circuit

Temperature: Operating temperature -20~~80' C

Humidity: RH95% MAX non-condensing

Size: 90*32*28mm+200mm(wire)

Weight:60g
