## BAPTIST CHURCH

*"The church with a heart for people."*  
II CORINTHIANS 5:14 FOR THE LOVE OF CHRIST CONSTRAINETH US:

Dear Pastor,

I am writing this letter to recommend that you consider supporting Jadon and Aly Saltzman. Jadon grew up at Pleasantville Baptist Church and has been able to serve in different ministry opportunities throughout the last many years.

During his Bible College years he was a summer intern at our church and since graduating has been serving on staff as an assistant to the pastor. He has taught Sunday School and Jr. Church classes, led a bus route, helped in song leading, maintained our live-stream ministry, gone soulwinning, and served by helping maintain our buildings and grounds for us in the last three years on staff.

One character trait that I appreciate about Jadon is that he has always had a humble and submissive spirit. He is willing to learn from mistakes and has always taken correction with a right heart. He is willing to learn how to serve the Lord better through the advice and counsel of others. I have never experienced a rebellious or hard heart while serving alongside him.

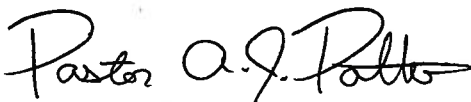

Aly has been with us serving at PBC for last couple years and has been a great help as she has gotten involved in many different aspects of ministry including teaching, youth, camp counselor, organizing events, and being available to serve wherever there has been a need with a servant's heart.

We are excited that God has called them to the country of Japan to share the gospel and spend their lives serving. They will have a strong supporting team at our church that will offer encouragement, accountability, and will help strengthen their ministry. They truly have a heart for the people of Japan, and I am sure that God will use them to reach many souls. They have been preparing for this call for more than a year and are serious in their preparation for God's calling in their life.

I can recommend the Saltzman's as a good addition to your missionary family.

Thank you for considering taking them on for missionary support as they travel on deputation. Should you have any questions about the Saltzman's, I am more than willing to answer to the best of my ability.

Thank you for your faithfulness in your place of service,

  
Pastor AJ Potter
