

# The Saltzmans Missionaries to Japan

## September Update

We have had another full month of visiting churches and seeing the Lord work in speaking to hearts about World-wide missions. The Lord has been highlighting in my heart the need to not just tell lost souls about the Gospel, but show them the love and compassion that God has towards them. The Lord has been watching over us, and protecting us through our travels. We have been on the road long enough to have had our fair share of scary situations, but the Lord continues to show himself faithful. We are going into a busy month, as we will have the opportunity to present at four different Mission's Conferences. Three of them will be close to us in Iowa, but the fourth conference will put us close to Indianapolis, Indiana. We also ask that you would pray for Alyssa as she has been working on finishing her Bachelors of applied science and looks to finish those classes in the next four months, this will allow her some English teaching outreach opportunities in Japan. Thank you so much for your prayers. We are looking forward to seeing how the Lord uses us while we are preparing ourselves for the field of Japan.

God Bless,

The Saltzmans

## Prayer Requests

- Continued safety for travel
- More supporting churches
- Language Study
- Witnessing opportunities
