

Christmas!.. Do you hear? Just from the sounds of this magical word, invisible bells begin to sing in the sky 🎄, and it seems that something fabulous is about to happen. Do you hear?

Christmas... ✨

How many times it has appeared in our midst like a fairy tale, a myth, from long ago, from years past!

Such a quiet Christmas night

Comes to every home

Carols and candlelight

They give hope to everyone.

We are also confident that the charity Christmas concert of our Center of Ukrainian Culture and Aid "Strength of Unity" in Krailsheim, which took place on December 14, gives us all hope for a bright and peaceful future in the new year.

With the onset of winter, on the eve of the New Year, Christmas carols ring throughout Ukraine, as well as in Germany.

People go from house to house, sing carols, congratulate each other on Christmas holidays, treat each other to various delicious dishes and wish each other peace, prosperity and all the best.

The festively decorated hall of the Christuskirche set the mood for a magical event ☑️ ✨ 🎄.

Thanks to Ukrainian artists and our guests, the gospel choir led by Felix Kranke (Gospelchor) and the "Enjoy" choir led by Liliana Todorova, a warm and magical Christmas atmosphere reigned in the hall during the concert.

It is so nice to feel and see that the simple people of Germany are full of desire to support Ukraine, to pray with us for Victory and peace.

Ukrainian songs and carols sounded so sweetly in their performance.

Christmas songs from different countries of the world also created a common circle of unity and support.

Our little artists 🧒🧒♀️ won the hearts of those present in the hall with their Christmas bell voices and shining eyes.

Huge sincere thanks to everyone involved in the Christmas event for the benefit of our country and the support of Ukrainians 🙏
