Today, our organization held an event dedicated to the Independence Day of Ukraine. Honored guests from the town hall and the Baden-Württemberg Public Foundation positively noted the ongoing activities of our organization in promoting Ukrainian culture and traditions, and also presented us with a certificate for 2,500 euros. A concert was held that left no one indifferent with the participation of our musical group "Golden Voices" under the direction of Liliana Todorova, as well as invited Ukrainian and German musical groups and special guest Natalia Salii. After the concert, the guests had fun, taking part in a fun game and an origami-embroidery master class. Our charming chefs treated the guests to delicious borscht and dumplings. At the charity fair, guests bought goods with Ukrainian symbols and crafts made by children and adults themselves. The real highlight of our event was the exhibition of works by the famous Ukrainian artist Roman Aghasyan. A large

number of people took part in the preparation and holding of the holiday. Everyone made a lot of efforts to ensure that the holiday was held in the best possible way and that the guests felt care and attention to themselves, and that the Germans saw how proud we are of our country. And judging by how many people cried in the hall during the anthem, the Germans probably understood what grief and pain this damn war brings us. Thank you to everyone who participated in the preparation and holding of the event, thank you to everyone who donated to help the victims in Ukraine. Let's unite! Together we are strong!
