Your story.
Your surreal portrait.

Custom Artwork by Frida Pini

A personal work of art that reveals what makes you who you are.

YOU'VE COME TO THE RIGHT PLACE!

Why a commissioned painting?

- 100% personal: your story, your colors, and your symbolism set the tone. I translate them into my distinctive surrealist visual language.
- You don't need to come in with a specific idea for the photo. Together, we'll develop the elements that make your portrait personal and unique.
- A work of art with personal significance: Your portrait preserves a part of your story and becomes a visible reminder of what makes you who you are.
- Collaborating with an artist is a special human and artistic experience that goes beyond the creation of the artwork and will always remain in your memory.

I was completely speechless,
when I received my surreal portrait, the details were truly impressive! It far exceeded my expectations! Anyone who commissions a painting from Frida will receive a beautiful, one-of-a-kind piece that they'll always enjoy. So don't think twice—go for it!

The 5 Steps to Creating Your Own Work of Art

1

We'll get to know your story.
During a one-on-one conversation, we'll talk about your wishes, your story, and what you want your artwork to convey. You don't need to have a finished idea for the artwork just yet.

2

After our meeting, I'll email you a summary of your request and a price quote. If you're satisfied, please send me your approval.

3

Before I begin creating your piece, I ask that you make a non-refundable advance payment of 50% to cover the required work time.

4

A sketch will be created. **You'll see your concept before your artwork is finalized.** I'll begin working on the final piece only after you've given your approval. Completion usually takes 3–5 weeks.

5

Today is the big day. A work of art created especially for you and your story is now coming to live with you.

ANY QUESTIONS?

FAQ

When do I have to pay the remaining 50% of the total amount?

As soon as your one-of-a-kind piece is finished, please transfer the second installment before I send you your artwork.

How will my artwork be delivered?

Your image will be delivered either as a high-resolution digital file or as a high-quality fine art print, carefully packaged and mailed to you. If you live in the Karlsruhe area, I'd also be happy to deliver your artwork to you in person.

Can I still make changes before it's finished?

Yes. You'll first receive a sketch or preview of your artwork. Only once you're satisfied with the direction will I begin the final creation. This way, your artwork isn't created "blindly," but rather through a clearly coordinated process.

So far, every one of my custom-made commissioned works has found a new home—without a single return.
