FAQ FOR PRODUCT MANAGERS

Key answers for sales, costing and product onboarding

Mutsviri combines Victoria Falls, safari in Zambezi National Park and Chobe from one fixed base. These answers support clear product positioning and sales.

SAFETY IN AN OPEN WILDLIFE AREA

Mutsviri lies within Zambezi National Park and is not fenced. Wildlife, including buffalo and lions, may move through the property. Guards are on duty 24 hours a day and escort guests between the chalets and the restaurant.

POSITIONING AND STAY

01 WHAT IS MUTSVIRI GAME LODGE?

A family-run safari lodge with six private, permanent luxury tented chalets across 70 hectares in the Chamabondo Section of Zambezi National Park. Victoria Falls and VFA Airport are around 15-20 minutes away.

02 HOW SHOULD I POSITION THE PRODUCT?

As a peaceful safari base rather than a town hotel: the Falls are close, game drives depart directly from the lodge, and Chobe is integrated from three nights without changing accommodation. One local team coordinates the lodge, transfers and experiences.

03 WHO IS MUTSVIRI BEST SUITED TO?

For first-time visitors, couples, solo travellers, families and small groups who value nature, privacy and coordinated logistics. Guests mainly seeking restaurants, shopping and nightlife within walking distance are usually better suited to a town hotel.

04 ARE THE TENTED CHALET CAMPING?

No. They are permanent safari chalets with proper beds, a private en-suite bathroom with bathtub and hot water, a separate lounge and a private deck. King or twin beds, triple occupancy and an extra bed are available on request.

05 HOW MANY NIGHTS SHOULD I SELL?

Three nights form the Signature Stay, with time for Victoria Falls, a Zambezi safari and the included Chobe day. Four to five nights add more lodge time and space for optional Zambia experiences or a helicopter flight. Two nights are too short for the complete concept.

06 WHAT IS INCLUDED AND WHAT IS EXTRA?

Included are the chalet, full board, selected locally produced beverages, two activities per day, and the private transfers and park fees confirmed in the itinerary. Separate: Victoria Falls NP entry (as of July 2026: US\$58 p.p.), visas, government fees, premium beverages, laundry, gratuities and extras.

BEFORE BOOKING

Confirm nationality and routing, children's ages and room occupancy, flight details, mobility, dietary needs, and current visa, health, fee, payment and cancellation conditions in writing. Facts checked: September 2026.

PROGRAMME AND LOGISTICS

07 WHICH ACTIVITIES ARE AVAILABLE?

Morning, afternoon and night game drives, a guided Victoria Falls tour on the Zimbabwe side, sunset cruise, town and shopping, village visit, and an approximately two-hour walking safari from age 16. Selection and timing follow the confirmed itinerary.

08 ARE WILDLIFE SIGHTINGS GUARANTEED?

No. Elephants and buffalo are seen regularly around the lodge; impala and other species move through the area depending on season, water and natural movement. Every sighting remains wild and cannot be guaranteed.

09 HOW DOES THE CHOBE DAY TRIP WORK?

It is included year-round in every confirmed 3-Night Signature Stay and typically lasts 10-12 hours. It includes road transfers, border-process support, a game drive, boat safari, lunch and applicable Chobe park fees. Visas remain separate.

10 WHICH AIRPORT IS MOST CONVENIENT?

Victoria Falls Airport (VFA) is the easiest arrival point: the private transfer takes around 15-20 minutes and requires no border crossing. Livingstone (LVI) is possible when flight routing is better, but additional border time and entry requirements must be considered.

11 ZIMBABWE OR ZAMBIA AS A BASE?

Mutsviri is on the Zimbabwe side, which offers the main rainforest walk and the widest selection of classic viewpoints. Zambia highlights such as Devil's or Angel's Pool and rhino tracking can be added seasonally and subject to entry requirements.

12 WHEN IS THE BEST TIME TO TRAVEL?

The region can be visited year-round. May to August is generally mild and dry, September to mid-November hot and dry, and late November to April broadly forms the rainy season. Water levels, spray, visibility and wildlife movement change seasonally, so the stay should be sold around guest priorities.
