

And do you remember that magical moment when you found gifts under your pillow or in your boots as a child!?

In Ukraine and Germany, St. Nicholas Day is filled with this magic — a holiday that brings joy to children and reminds adults of kindness and generosity.

Saint Nicholas, or Sankt Nikolaus 🧑🏻, appears on December 6 to reward good children for their behavior throughout the year.

When the saint has a lot of work, he trusts the good people from the Center of Ukrainian Culture and Aid "Strength of Unity" in Krailsheim 🇩🇪 🎄 to create miracles for all Ukrainian children.

Preparing for the holiday creates a small chain of magical goodness.

And it is so nice that little Ukrainians are greeted with attention and gifts by the Germans, who invested a part of their sincere hearts in packets of sweets. The "Enjoy" choir of Crailsheim under the direction of Liliana Todorov and the Sparkasse Schwäbisch Hall-Crailsheim joined this process 🗨️ 🎁.

Volunteers decorated the festive hall in anticipation of visitors. 🎉

How many children's smiles and bright eyes shone today at the holiday 🧑🏻 🇩🇪 🧡

The most important little visitors 🧑🏻 ♀ 🧑🏻 recited poems in different languages, sang songs, played soulful melodies on the piano, and little artists dedicated their drawings 🧑🏻 🧠 to St. Nicholas 🧑🏻.

Elena Sherenok's master class on creating a Christmas tree 🎄 added a wonderful mood to everyone 🙌

Thank you @all miracle workers, both small and large, for the holiday 🗨️
