Our organization, in cooperation with our partner charitable foundation "SOCIAL ASSISTANCE TO THE COMMUNITY", handed over 50 New Year's gifts and 59 packs of over-the-counter medicines to internally displaced families with children living in the town of Borova, Kyiv region.

In response to our request, the BF "SOCIAL ASSISTANCE TO THE COMMUNITY" collected 36 books for us to start a Ukrainian library in the city of Crailsheim, Germany. All necessary documents, as well as Gratitude from the head of Shmatko S.L. and from the Borovka community have been received. We sincerely thank you for the books, for all kinds of assistance in carrying out our mission. We plan further fruitful cooperation. A meeting was also held with the head of the Borovka community, Belko S.O., during which our organization, our charitable -

goals, and areas of our activity were presented.

As a result of the meeting, legal and charitable cooperation was agreed upon. I would especially like to thank our participants

Anna and Ilya for their help with the trip to Ukraine, and I also sincerely thank our participant's

mother for the books and help with boarding the train to Germany. The provision of the first charitable aid to the victims of the war in Ukraine was successful! New projects are ahead, where we can be as useful as

possible to our compatriots who are currently experiencing constant attacks from the enemy 🙏 ❤️ ❤️ ❤️ ❤️ ❤️ ❤️
