SOLTEQ CERTIFIED ROOFING PARTNER PROGRAM
ENGINEERED IN GERMANY • BUILT FOR AMERICA'S ROOFING PROFESSIONALS

SOLTEQ

YOUR NEXT PREMIUM ROOFING OPPORTUNITY

Your customers already trust you to protect their homes. Now you can offer them something extraordinary: a premium architectural roof that also generates electricity.

NEW REVENUE OPPORTUNITIES
Expand your business with integrated solar roofing solutions.

DIFFERENTIATE YOURSELF
Offer something your competitors can't — a real roof with solar built in.

MEET GROWING DEMAND
More homeowners want beautiful, sustainable and energy-independent homes.

BUILT FOR ROOFING PROFESSIONALS
Proven installation methods, training and technical support.

MORE POSSIBILITIES.
MORE VALUE FOR YOUR CUSTOMERS.
A STRONGER BUSINESS FOR YOU.

A REAL ROOF.

WITH SOLAR BUILT IN.

Not solar panels on a roof. A roof that generates electricity.

SOLTEQ combines the protection and architectural beauty of a premium roofing system with photovoltaic technology integrated directly into the roof tiles.

No bulky rooftop panels. No separate mounting structures above the roof. Just one beautifully integrated roofing solution.

ONE ROOF. FOUR FUNCTIONS.

ELECTRIC POWER • HEATING • COOLING • WEATHER PROTECTION

INTEGRATED BY DESIGN

Solar technology becomes part of the roof itself — not an addition placed on top.

ARCHITECTURAL FREEDOM

A wide range of colors, finishes and tile designs to complement different architectural styles.

ENGINEERED FOR LONGEVITY

Premium materials, German engineering and a long-term approach to roofing performance.

MADE FOR ROOFING PROFESSIONALS

A roofing product designed to be installed as part of the building envelope.

THE ROOF IS THE SOLAR SYSTEM.

SOLTEQ

MORE THAN A ROOF A REAL ADVANTAGE

Your customers already trust you to protect their homes. Now you can With SOLTEQ you offer your customers a premium roofing solution that combines timeless design, proven protection and clean energy — all in one.

BEAUTIFUL ARCHITECTURE
A premium roof with a clean, elegant look — no visible solar panels.

PROVEN PROTECTION
Engineered for long-lasting performance, weather and storm resistance.

CLEAN ENERGY
Generate your own electricity and heat — directly from the roof.

HIGHER VALUE
A sustainable, energy-independent home with long-term value for your customers.

BEAUTIFUL ROOFS.
CLEANER ENERGY.
HAPPIER CUSTOMERS.
A STRONGER FUTURE.

YOUR EXPERTISE.
A NEW OPPORTUNITY.

You know how to build great roofs. Now you can offer something extraordinary.
Whether your business specializes in asphalt shingles, concrete tiles, clay tiles or premium residential roofing, SOLTEQ opens the door to a new category of high-value projects.

EXPAND YOUR PORTFOLIO

Introduce premium solar roofing without abandoning your existing roofing business.

WIN NEW CUSTOMERS

Reach homeowners, architects and builders looking for elegant, integrated solar solutions.

STAND OUT FROM THE COMPETITION

Offer a distinctive architectural product that combines roofing and energy generation.

GROW WITH CONFIDENCE

Benefit from SOLTEQ product training, technical guidance and support as you enter a new market segment.

YOUR EXPERIENCE.

THE SOLTEQ SALES STRATEGY

ONE ROOF
ENDLESS OPPORTUNITIES

Turn One Installation Into an Entire Neighborhood of Potential Customers.

Every neighborhood has a home that stands out.
Imagine that home featuring a beautiful SOLTEQ solar roof.
Neighbors notice. Conversations begin. Interest grows.
One extraordinary roof can become the starting point for an entire neighborhood of new opportunities.
One Roof. One Neighborhood. A Network of Opportunities.

4 Steps:

1. **FIND THE FIRST HOME**
   Identify a promising homeowner.

2. **CREATE A SHOWCASE**
   Turn the first project into a local reference.

3. **INSPIRE THE NEIGHBORS**
   Generate conversations, referrals and interest.

4. **GROW YOUR BUSINESS**
   Expand from one project to the next.

MORE VALUE.

IN EVERY ROOFING PROJECT.

Turn your roofing expertise into a new premium business opportunity.

With SOLTEQ, you're not simply offering another roofing material. You're introducing a new category of architectural roofing — one that combines lasting protection, beautiful design and integrated solar technology.

PREMIUM PROJECT OPPORTUNITIES

Expand into high-value residential projects with customers looking for something extraordinary.

ADDITIONAL REVENUE POTENTIAL

Bring roofing and solar together in one integrated solution — creating opportunities to increase the value of your projects.

A COMPETITIVE ADVANTAGE

Stand apart from traditional roofing contractors with an innovative product that few competitors can offer.

NEW CUSTOMER SEGMENTS

Reach architects, luxury homebuilders, homeowners and developers seeking premium energy-generating roofs.

DON'T JUST COMPETE FOR THE NEXT ROOF. CREATE A REASON TO CHOOSE YOUR COMPANY.

ONE TECHNOLOGY • ENDLESS POSSIBILITIES

From coastal villas to timeless estates. SOLTEQ brings beautiful solar roofing to America's most distinctive homes.

FLORIDA • COASTAL LUXURY

COLORADO • MOUNTAIN RETREATS

TEXAS • TIMELESS ELEGANCE

CALIFORNIA • MODERN LIVING

FOUR DISTINCTIVE STYLES. • ONE EXTRAORDINARY ROOF.

GERMAN ENGINEERING. AMERICAN OPPORTUNITY.

BUILT IN GERMANY.
BUILT TO LAST.

Behind every SOLTEQ solar roof stands a German family-owned company with more than 40 years of experience in engineering, construction and building technology.

We don't simply market solar products. We develop and manufacture our own solar roofing systems in Germany — combining advanced technology, premium materials and exceptional architectural design.

Our commitment goes beyond innovation. We believe in quality, reliability and products designed to perform for generations.

BUILT FOR ROOFERS.
POWERED BY SOLAR.

A real roofing system. With solar technology built right in.
SOLTEQ brings together traditional roofing craftsmanship and advanced solar technology in one integrated system.
Roofing professionals focus on what they do best — creating beautiful, durable roofs — while qualified electrical professionals handle the electrical connections and commissioning.

01 — ROOF-INTEGRATED DESIGN

Solar technology is integrated directly into the roof tiles, eliminating the need for conventional rooftop solar panels.

02 — FAMILIAR ROOFING PRINCIPLES

A tile-based roofing system designed around professional roofing practices, with product-specific installation training.

03 — SEAMLESS ARCHITECTURAL APPEARANCE

Create a beautiful, consistent roof surface with a wide range of colors, finishes and architectural styles.

04 — ROOFING & ELECTRICAL EXPERTISE

Roofing and electrical professionals work together, each contributing their specialized skills to a complete solar roofing solution.

YOU BUILD THE ROOF.
WE INTEGRATE THE TECHNOLOGY.
TOGETHER, WE CREATE THE FUTURE OF ROOFING.

ONE ROOF.
ENDLESS DESIGN POSSIBILITIES.

Solar roofing without architectural compromise.
Every home has its own character. Every homeowner has their own vision. SOLTEQ brings together premium roof design and integrated solar technology — with a wide selection of colors, finishes and architectural styles.

ARCHITECTURAL ELEGANCE
A beautiful, consistent roof appearance without conventional solar panels.

COLORS THAT INSPIRE
From timeless anthracite and natural terracotta to distinctive greens, blues and custom finishes.

DESIGNED FOR EVERY STYLE
Contemporary, Mediterranean, traditional or coastal — a solar roof that complements the architecture.

CUSTOMIZED SOLUTIONS
Explore distinctive colors and surface effects for demanding architectural projects.

BEAUTIFUL BY DESIGN.
POWERFUL BY NATURE.
UNMISTAKABLY SOLTEQ.

GERMAN ENGINEERING.

BUILT TO LAST.

A premium roof deserves premium technology.

SOLTEQ solar roof tiles are developed and manufactured in Germany, combining advanced engineering, carefully selected materials and decades of experience in roofing and building technology.
Designed to deliver lasting beauty, reliable protection and clean energy for generations.

ENGINEERED IN GERMANY

German engineering, precision manufacturing and a commitment to uncompromising quality.

PREMIUM MATERIALS

Carefully selected components, including tempered solar glass, stainless steel and durable, UV-resistant materials.

LONG-TERM PERFORMANCE

Backed by a 40-year solar performance warranty, providing at least 80% of the specified original power output under the applicable warranty terms.

BUILT FOR THE ELEMENTS

A robust roofing system developed for long-term weather protection, with 50 years of rain-tightness warranty coverage under the applicable terms.

A PREMIUM ROOFING PRODUCT

Not just another solar solution.

QUALITY YOU CAN SEE.
TECHNOLOGY YOU CAN TRUST.
A ROOF BUILT FOR GENERATIONS.
