General Terms and Conditions — enquiries and form submissions

1. Scope

These terms govern information submitted through forms on nirvyn.com ("the Site"), operated by NirVyn Ventures LLP ("the LLP") through its consulting practice, NirVyn Consulting ("the Practice", "we", "us"). By submitting a form, you agree to these terms.

2. Accuracy

You confirm that the information you provide is accurate and current, and that you are authorised to share it.

3. Data protection

Personal data submitted through the Site is processed in accordance with the Digital Personal Data Protection Act, 2023 and the rules thereunder and, where applicable to visitors from the European Union, the GDPR. It is collected for the purpose of responding to your enquiry, evaluating a potential engagement, and maintaining our business records. We do not sell personal data. You may withdraw consent, or request access, correction, or erasure, by writing to contact@nirvyn.com. The Privacy Policy below sets out the detail.

4. Confidentiality

Enquiries are treated as confidential and handled on a need-to-know basis within the firm. Form submissions are transmitted over encrypted (HTTPS/TLS) connections. A form submission does not, by itself, create obligations equivalent to a signed non-disclosure agreement; please do not include sensitive or proprietary detail in an enquiry form — that belongs in a conversation under NDA.

5. No engagement formed

Submitting an enquiry does not create a consultant–client relationship. Professional advice is provided only under a signed engagement letter. General information on the Site is not professional advice, and neither the Practice nor the LLP accepts liability for decisions taken in reliance on it.

6. Governing law

These terms are governed by the laws of India. The courts at New Delhi have exclusive jurisdiction.
