

Runde Tische

Eckige Tisch (einzeln oder als Tafel)

U- Form

A diagram of a rectangular table. It consists of a central rectangular area. On the top edge of this central area, there are four smaller rectangular extensions, one centered under each of the four columns of the table. Similarly, on the bottom edge, there are four smaller rectangular extensions, one centered under each of the four columns. On the left edge, there is a single large rectangular extension spanning the height of the central area. On the right edge, there is a single large rectangular extension spanning the height of the central area. The entire structure is composed of black outlines on a white background.

E-Form

The diagram shows a 10x10 grid of cells. A 2x2 block of cells in the center is missing, creating a frame-like structure. The grid is composed of 10 columns and 10 rows. The central 2x2 block is located at the intersection of columns 4 and 5, and rows 4 and 5. The remaining cells form a continuous border around this central void.
